

## SO & SO

Words and Music by Kim Richardson

[Full capo on 1<sup>st</sup> fret – chords shown below reflect fingerings, not actual chord sound. Because of capo, actual key is G#, but chord shapes remain as noted.]  
The C chord is actually a Cadd9, but that's cumbersome to chart. However, it is easy to switch to from the G major that includes the 5<sup>th</sup> (D) on the second (B) string.
